

Project Hermes

Opportunity to acquire a Swiss-regulated structured products and AMC platform

Confidential | August 2026

The better the question. The better the answer. The better the world works.

Swiss-regulated investment platform offering structured products and AMCs across traditional and digital assets globally

Hermes combines regulated AMC issuance, structured products brokerage and lifecycle management on one multi-asset platform

USD 450m	200+	USD 3bn+	30+	400+	60+
AMC AuM in FY25A	AMCs issued in FY25	structured products distributed globally	issuing partners ¹⁾	client accounts globally	FTEs

Company overview

- ▶ Headquartered in Zurich, Switzerland, Hermes is a FINMA-regulated securities firm specialising in structured products and actively managed certificates (AMCs)
- ▶ Hermes enables clients to issue and manage investment products without the need for in-house infrastructure, providing a fully outsourced solution
- ▶ Through a **technology-driven platform**, the company combines structuring, issuance, lifecycle management and distribution, covering the **entire value chain**
- ▶ Hermes operates a **multi-issuer platform** across traditional and digital assets, offering flexible and scalable access to a broad range of investment strategies

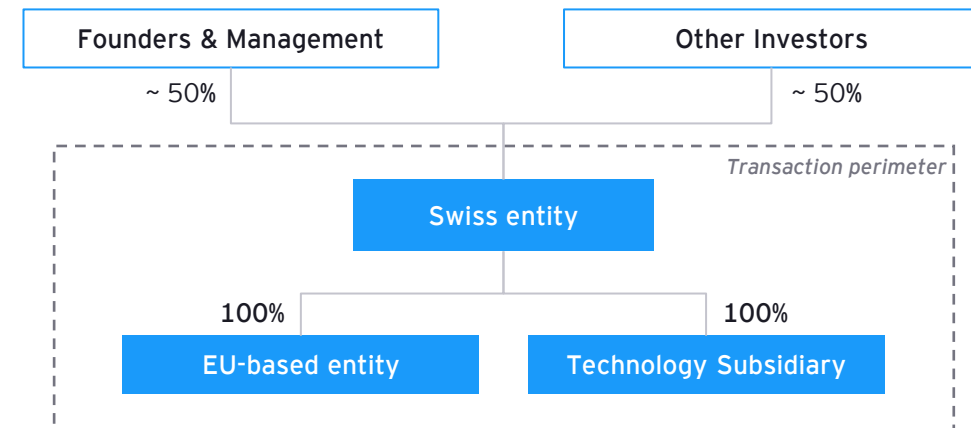

Product offering

AMCs & ETPs	Structured products
✓ White-label AMC issuance platform ✓ Multi-asset investment strategies ✓ Recurring AuM-linked revenue	✓ Multi-issuer brokerage & execution ✓ Tailored & client-specific ✓ Lifecycle & pricing management

One regulated platform integrating issuance, execution, lifecycle management and distribution across structured products and AMCs across traditional and digital assets

¹⁾ Financial institutions integrated with Hermes to originate and issue structured products

Legal structure

- ▶ **Swiss Entity** is a Swiss-regulated securities platform providing issuance and lifecycle management services
- ▶ **European Entity** manages European commercial and distribution activities
- ▶ **Technology Subsidiary** Swiss-based subsidiary that enhances technology and multi-issuer platform capabilities

Scalable platform with growing recurring revenues, multiple expansion levers and path to profitability from FY27F onwards

Project Hermes

Regulated, end-to-end issuance and lifecycle platform

- ▶ **FINMA-authorized** securities firm with a Swiss platform covering **structuring, issuance, lifecycle management (LCM) and distribution**
- ▶ Addresses fragmented Special Purpose Vehicle (SPV) and bank-led issuance models by providing a **single point of accountability** across the product lifecycle

Technology-enabled operating leverage and repeat issuance

- ▶ Standardised lifecycle and reporting infrastructure enables **repeat product launches** across clients, strategies and asset classes (traditional, digital, etc.)
- ▶ Platform architecture across issuance, LCM, execution and distribution supports **scalable growth**

Two complementary revenue engines on one scalable infrastructure

- ▶ **AMC issuance** provides recurring revenues, with **USD 450m AMC AuMs**, **200+ products issued in FY25A**, accounting for **31% of FY25A revenues**
- ▶ **Structured products brokerage** delivers transaction-driven revenues, with **USD 3bn+ volumes distributed in FY25A**, accounting for **69% of FY25A revenues**

Multi-asset AMC issuance platform expanding addressable demand

- ▶ Supports AMC issuance across **equities, fixed income, commodities, private markets, digital assets / crypto and FX** through one regulated infrastructure
- ▶ Dual **on-balance-sheet** and **SPV / off-balance-sheet** issuance routes enables structures to be tailored to investor, partner and issuer-risk requirements

Experienced management team with deep sector and regulatory expertise

- ▶ Management combines **entrepreneurial track record** with long-standing experience in structured products, markets, compliance, and finance
- ▶ **Executive team members each bring ~15-20 years of industry experience**, including prior roles at leading banks, issuers and professional services firms

Clear path to profitability with strong revenue growth

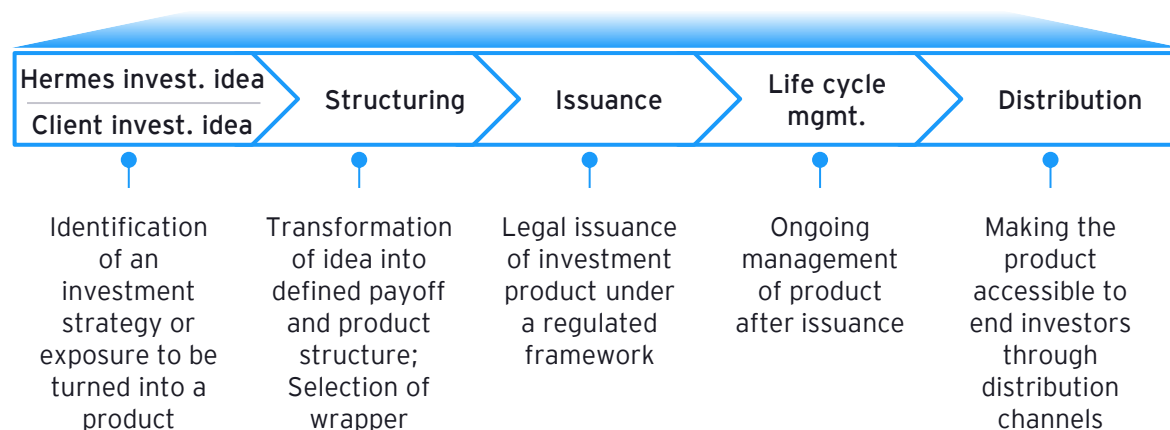

- ▶ Revenues increased from **CHF 10.4m in FY23A** to **CHF 16.0m in FY25A**, with further growth projected to **CHF 52.2m by FY29F**
- ▶ Full-year break-even expected in **2027**, supported by operating leverage and AuM-linked revenues

FINMA license and technology platform allow partners to outsource the entire AMC/ETP lifecycle in a scalable and efficient way

Regulated, end-to-end issuance and lifecycle platform

- ▶ Hermes is a FINMA-regulated Swiss securities firm providing end-to-end control across structuring, issuance, lifecycle management and distribution
- ▶ Hermes enables clients to launch and manage products within a regulated framework without building their own licensed issuance infrastructure
- ▶ The platform replaces fragmented SPV and bank-led models with a single operating and accountability layer across the product lifecycle
- ▶ Hermes supports both on-balance-sheet and SPV/off-balance-sheet issuance structures, tailored to partner and investor requirements

Integrated issuance and lifecycle platform

Technology-enabled operating leverage

- ▶ Technology infrastructure enables automated and repeatable product issuance across multiple clients and strategies
- ▶ Standardised operating model supports revenue growth without a proportional increase in operational complexity or headcount
- ▶ Integrated platform architecture increases efficiency across pricing, rebalancing, reporting and lifecycle events
- ▶ Multi-issuer connectivity and modular infrastructure enable efficient client onboarding and scalable product launches

Technology platforms

Structured products platform

1 Structured products execution & lifecycle module

- ✓ Real-time pricing & multi-issuer execution
- ✓ Lifecycle management across roll-overs and payoffs
- ✓ Integrated issuance, trading and data engine

AMC & ETP Management platform

2 AMC issuance, management & reporting module

- ✓ AMC creation under a regulated framework
- ✓ Strategy implementation via securitised instruments
- ✓ Portfolio transparency, reporting & performance tracking

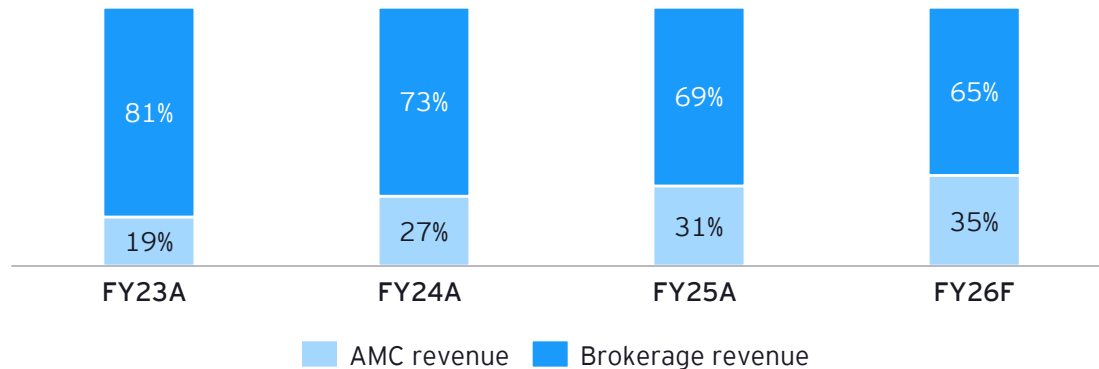

Fully integrated platform that enables efficient and compliant product issuance across the full lifecycle

Recurring and transaction-driven revenues combined with multi-issuance platform

Two complementary revenue engines

- ▶ Hermes combines recurring AMC issuance revenues with transaction-driven structured products brokerage revenues
- ▶ AMC issuance generates recurring AuM-linked revenues through securitisation of client investment strategies
- ▶ Structured products brokerage generates execution-driven revenues through multi-issuer pricing, trading and lifecycle management services
- ▶ Diversified revenue streams support scalable growth across issuance volumes, client activity and assets under management

Increasing share of recurring AMC revenues

Hermes is increasingly shifting its revenue mix from brokerage toward AuM-linked revenues, driven by scaling AMC issuance and strong investor demand for customised investment solutions

Multi-asset issuance platform expanding addressable demand

- ▶ Hermes supports investment products across the following segments:

Equities	Fixed income	Commodities
Non-Bankable Assets	Digital assets	FX

- ▶ The platform has demonstrated ability to translate emerging investment themes into investable products across asset classes
- ▶ Multi-asset exposure expands the company's addressable market and supports product innovation across market cycles

Large and growing addressable markets support long-term product and client expansion

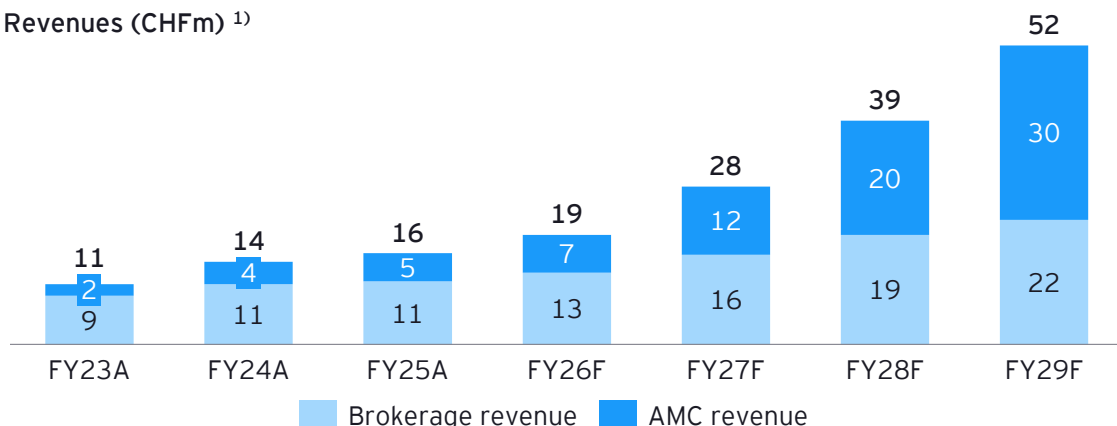

Access to multiple asset classes and client segments broadens the addressable market and supports continued product expansion

Recurring AMC & ETP revenues, international expansion and partnerships underpin revenue growth to CHF 52m and profitability from FY27F

Financials

Revenues (CHFm) ¹⁾

- ▶ Revenue increased from CHF 10.4m in FY23A to CHF 16.0m in FY25A, representing a CAGR of approximately 24%
- ▶ Recurring AMC revenues increased from CHF 2.0m in FY23A to CHF 4.9m in FY25A, raising their share of total revenue from 19% to 31%
- ▶ Brokerage revenues increased from CHF 8.5m in FY23A to CHF 11.0m in FY25A, providing a stable transaction-driven revenue base
- ▶ Historical growth was supported by increasing AMC adoption and sustained brokerage activity
- ▶ The company reached profitability in 2025, which was due to one-off gains; operational, recurring profitability is expected in the course of fiscal year 2027

Hermes delivered strong historical revenue growth while progressively increasing the contribution from recurring AMC revenues

¹⁾ Other revenue included in brokerage revenue (CHF 0.6-0.7m)

Clear path to profitability and scalable revenue growth

- ▶ Revenue is forecast to increase from CHF 19.1m in FY26F to CHF 52.2m in FY29F
- ▶ Recurring AMC revenues are expected to become an increasingly significant share of total revenues
- ▶ Operating leverage supported by scalable platform infrastructure and repeat issuance model
- ▶ Business plan targets CHF 52.2m revenues by FY29F with profitability scaling from FY27F onwards

Four growth levers underpin Hermes' scalable revenue expansion

1 Switzerland	2 International	3 Asia	4 Partnerships
Scale Swiss core through targeted sales / RM hiring and deeper issuer / investor penetration	Expand through European passporting and selective cross-border growth into EMEA and LATAM	Growth is supported by digital asset adoption and increasing wealth levels in the region	Deepen existing partnerships and add new cooperation partners to accelerate market access and broaden the offering
FY25A-FY29F revenue growth contribution			
CHF 9m revenue contribution	CHF 8m revenue contribution	CHF 4m revenue contribution	CHF 15m revenue contribution

Hermes's growth plan combines core-market execution, low-cost digital distribution, capital-light partnerships and selective international expansion
